Tarnoff, Curt, and Marian Leonardo Lawson. *Foreign Aid: An Introduction to U.S. Programs and Policy*. Washington, D.C.: Congressional Research Services, 2009.

This public domain pdf offers a brief overview of U.S. policies and programs in Foreign Assistance. The authors compiled an introduction, a statement of purpose and priority, an evaluation of spending, a survey of delivery methods, and a statement on the relationship of Congress to foreign aid, as this was the target audience of the publication. This short document gives a comprehensive but succinct picture of U.S. Foreign Assistance.
